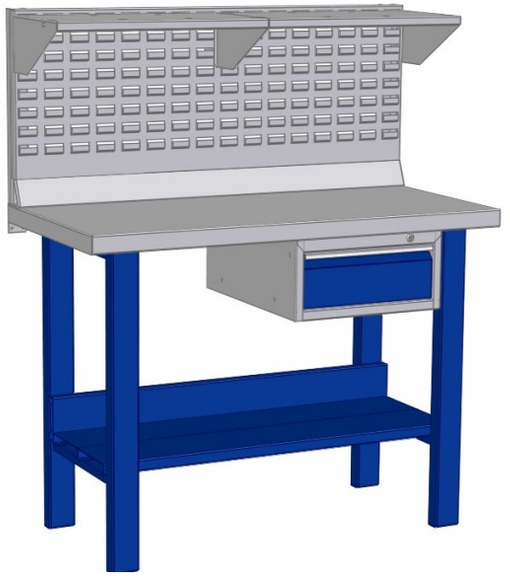
WORKBENCHES & WORKSTATIONS



> Personnalizing your workbench

AGF Brome offers the possibility of personnalizing your workbench in a simple way.

Following are a list of steps to help configure your ideal workbench:

1. Define the required dimensions and elements that suit your needs;
2. Select either cabinets and/or legs, which may be adjustable or not. Also require a stringer when mounting workbench with two legs;
3. Select caster option or leveling glides if required;
4. Select the under shelf and-or back and end stops if required;
5. Select the work surface material;
6. Complete your workbench by adding drawer and/or door units if such is required.
